

Project Design Phase II

Solution Requirements (Functional & Non-functional)

Date	29.10.2025
Team ID	NM2025TMID05816
Project Name	Educational Management System
Maximum Marks	4 Marks

Project Overview:

The project “Educational Organization Using ServiceNow” focuses on enhancing academic and administrative efficiency through automation. It provides a centralized platform for managing student records, faculty data, support requests, and workflow processes. The solution ensures better collaboration, transparency, and productivity within educational institutions. By leveraging ServiceNow capabilities, this system simplifies routine operations like service requests, ticket management, and data tracking.

Functional Requirements:

FR No.	Functional Requirement (Epic)	Sub Requirement (Story / Sub-Task)
FR-1	User Management	Create, update, and manage users (students/faculty).
FR-2	Request Management	Raise and track service requests through forms.
FR-3	Workflow Automation	Automate approval and assignment processes.
FR-4	Communication System	Enable notifications and updates via email or portal.
FR-5	Data Reporting	Generate performance and activity reports.
FR-6	Feedback System	Collect and manage feedback from students and staff

Non-Functional Requirements:

NFR No.	Non-Functional Requirement	Description
NFR-1	Usability	Interface should be user-friendly and accessible to all
NFR-2	Security	Only authorized users can access or modify data.
NFR-3	Reliability	System must ensure accurate data and process cons
NFR-4	Performance	System should handle requests efficiently without dela
NFR-5	Availability	Ensure platform availability 24/7 for all users.
NFR-6	Scalability	System must scale with institutional growth and workl

Conclusion:

This ServiceNow-based educational management system provides an effective digital framework for academic stitutions. It simplifies manual processes, improves service delivery,andenables data-driven decisions. Withits robust security, scalability, and user-friendly interface, it helps institutions adapt to modern educational needs efficiently.
